

**Young Lighting Designers Seminar:
Breaking Into TV, Film, and Industrials**

**USITT Convention in Long Beach, CA
March 31, 2012 at 2:00-3:15PM**

This session will provide an overview of the lighting profession in the world of TV, Film, and Industrials. How do you make connections? Where do you find work? What are the skills that are required for the demands of the profession. Are there things you can be doing now as a young designer to help build your knowledge, resume, and portfolio? Moderated by Alan Adelman, these questions will form just a few of the topics that will be covered by a panel of working designers.
